OFFICE of EMERGENCY SERVICES - Mike Simmons:

FINANCIAL:

Budget is on track.

OLD BUSINESS:

- Communications Project
 - Change Order #4 to cover the construction of tower sites and shelters (4 tower sites, as well as Prospect & Round Top) is in the works. This will increase the contract by \$5,650,000. Director Simmons has the change order with pictures if they want to look at it.
 - There are grant money requirements that need to be met for Dispatch. We are required to meet state standards and have policies and procedures in place, which we currently do not have. Director Simmons stated we are doing closest car concept, however, policies for calls, such as open line calls, hang up calls need written policies. The Sheriff said that Dispatch has met accreditation standards set by the State so he doesn't know what other requirements they would need and that hang up calls are covered. Director Simmons was told that we do not have written standards. The Sheriff suggested that they sit down and take a look at what procedures are needed on Thursday. Director Simmons said the State is not pressing us for anything now, he was bringing it up since we have \$10 million in grant money, and we need to make sure we are following their rules. The Sheriff will get the

standards for accreditation so they can be matched to the State's requirements. Legislator Flesher said if they are in place that's great; if not let's correct it. Deputy Director Cornelius noted that we are getting a new grants representative and they may require it.

- Cad Project:
 - o Troop cars are still not online. Jeremy has reached out to the State IT Department and the connectivity is still not there. Chair Sauerbrey said Jeremy reaches out to them daily. Legislator Roberts asked what you do if they do not work. It was explained that they poll the cars and and they need to give their info over the radio which creates extra work for the dispatchers and increases response time. Legislator Weston asked about utilizing grants so we do not lose the money. Director Simmons explained we requested extensions on some of the grants. If a project was to run over, we would not be given extra money. The targeted grant has been been changed at the State level so \$3 million is the maximum amount given. Legislator Flesher will reach out to Legislator Mullen for State contact info and try to contact someone at the State to resolve this issue.

EMS:

Curtis Hammond, EMS Coordinator, gave an averview of methods to provide EMB coverage throughout the county at a reasonable rate.

- He has met with local ambulances to come up with a plan for the uture and meets quarterly with EMS agencies.
- The biggest problem is NYS is going to be sunsetting advanced critical cares. There are a large number of providers who operate on that level of care. We will run into a problem that we will not have enough paramedics. Cost and time involved are the biggest obstacles. This is a statewide problem. Paramedics require 2,000 hours of training.
- Looking at how we supplement this system, it was suggested the best idea would be to have a fly car. There are 27 counties doing fly cars now.
- An idea would be to certify a couple of the Tances we have and purchase another Tahoe and equip it. We could also purchase a multi-purpose trailer. Mike and Corinne are EMTs. We would not add more payroll, just legalizing Tances.
- To purchase an ALS Tahoe you are looking at approximately \$200,000. In 2030 we could look at another paramedic fly car.
- Richford and Berkshire contract with Maine. Legislator Flesher said we need to start coming up with a viable solution now instead of waiting until 2030 and then being behind on things.
- Contis suggested that the fly car would be the cheapest alternative now. Then in 2030 looking at a full-time ambulance with paid parametric.
- Candor's operating budget is \$900,000.
- Legislator Flesher asked to Curris to do a presentation at worksession to all of the legislators. Chairwoman Sauerbrey asked to have a succinct plan to present at the workshop on 11/21. Any plan would have to take place in 2025 for budgeting purposes.

EMERGENCY MANAGEMENT:

- Citizens Preparedness Class was conducted in Owego.
- I-300 Incident Command Course was held at the Public Safety Building.
- Threat Assessment Management Program:
 - o RFP was put together.
 - o Need to come up with an exercise utilizing TAM money.

Public Safety Committee Meeting Probation Department Report December 5, 2023

Budget Status:

2023 Revenue Budget:

- \$780 of DWI Supervision fee collected in November. \$8,085 collected to date in 2023
- \$2,587.44 in restitution and surcharge collected in November. \$17,972.44 collected to date in 2023

Current Business:

- Budget The Probation budget remains on track for 2023. Eighty-one percent of our budget has been expended and we are 92% through the fiscal year. It appears two of the revenue lines in the budget will fall short of projections, however, will be significantly offset by savings in the salary lines due to positions being vacant for most of the year.
- 2. Probation Department Projects in progress include the upgrade of the rear entry door and camera/intercom system, acquisition of lap-tops for all Officers in order to improve ability to access probation data system while in the courts and in the community.
- 3. The Legislature passed a resolution put forward by Probation to enlarge Probation's previous contract with Buddi US, LLC to provide comprehensive monitoring services for Probation. The services include traditional GPS electronic monitoring, GPS monitoring through a phone application, and real time alcohol monitoring through a transdermal monitoring system. The contract also includes insurance on the devices which will eliminate the threat of a budgetary hardship should multiple offenders destroy, lose, or otherwise damage the devices. It is the intent of Probation to have the alcohol monitoring devices installed on offenders before the end of 2023.
- 4. Community engagement Probation continues to participate in community events and plans to expand its presence in the community in 2024. Through increased interaction with schools via the Decision Points Program, Probation in conjunction with the schools will work to identify students who may benefit from interventions at an earlier age. Probation is also working on enhancing its community outreach with a visible presence at all available community events.
- 5. Probation has filed modification petitions regarding all sex offenders currently supervised. The petitions seek to modify the Conditions of Probation to include monitoring of technology with the capability of connecting to the internet. The Memorandum of Understanding entered into with IPPC Technologies will allow Probation to better monitor those offenders given the privilege of accessing the internet.

6. Staff – Retired Probation Supervisor Teri Rosenberger returned to Probation in November.

Patrick Van Durme is scheduled to begin work as a Probation Officer effective January 2, 2024. It appears Probation will be bringing forth a resolution in 2024 to reclassify the current vacant Sr. Probation Officer position to a Probation Officer I position.

 Training – Sydney Blinn and Briana Ward are scheduled to begin Basic Course for Peace Officer (BCPO) training in December of 2023 and January of 2024. This will complete their mandatory state training. It is anticipated there will be two more Probation Officers to train in 2024.

8. Juvenile Delinquency Services:

November of 2023- There were four Juvenile Delinquency Appearance Tickets (JDATs) received for the month of November. The JDATs alleged the respondents committed acts which if committed by an adult would constitute the crimes of Criminal Mischief in the Fourth Degree and Identity Theft in the First Degree.

YTD: 16 JDATs received to date.

- E- Connect: To date, 12 youth have been screened in 2023. As a result of the E-Connect screenings, five youth were found to be below threshold and not in need of an immediate mental health referral. Four youth were found to be a level II and were referred for a mental health evaluation. One youth was found to be a level III and agreed to schedule an appointment at TCDMH. Two youth were also determined to be a level I which required immediate mental health intervention. One of the four youth was not screen due to his placement at the Office of Children and Family Services.
- There are no youth currently in juvenile sex offender treatment.

ATI Programs:

- <u>Electronic Monitoring</u> There is currently one individual being monitored via the VCheck24 phone app GPS electronic monitoring system and two defendants with the traditional ankle monitor.
- <u>Community Service</u> Weekend Work Program continues with crews being scheduled every weekend.
- <u>Pre-Trial Release</u> There are 17 people being supervised via the Pre-Trial Release Program
- Court Ordered Investigations: 44 active investigations for Tioga County courts. (Criminal, Family, and Surrogate)

- Supervision: 194 cases ordered by Tioga County courts & Family Court (includes JD Diversion cases)
- Violation of Probation petitions: 18 defendants/respondents have violation petitions pending against them in criminal & family court.
