  - 1. Amended PILOT Application
  - 2. Inducement Resolution
  - 3. Real Property Tax Abatement Projection: The sales tax exemption that Sun East Valley Solar is requesting is \$3,077,211, mortgage tax exemption request of \$248,843. Estimated real property tax abatement will be \$209,900. The inducement resolution

states that the PILOT payment will be \$10,000 per megawatt, with a 2% annual increase. The project will be a total of 20 megawatts. Mr. Ward noted that the application listed a payment of \$6,000 per megawatt, not \$10,000. Ms. Curtis will reach out to Sun East Valley Solar to confirm that the IDA will pass an inducement resolution of \$10,000 per megawatt, not \$6,000. A new application fee was collected from Sun East Valley Solar. Ms. Curtis will perform another cost benefit analysis. Ms. Curtis will notify the Town and the school district of the changes.

Motion to approve the resolution accepting the PILOT application from Sun East Valley Solar, and set the public hearing. (E. Knolles, T. Monell).

HEARING OFFICER: Good afternoon. 1 2 My name is Christine Curtis, and I'm the 3 Director of the Tioga County Industrial 4 Development Agency. 5 The Agency is conducting this 6 hearing pursuant to General Municipal Law, 7 Section 859-a, to seek public comment on an 8 application for financial assistance 9 submitted by Suneast Valley Solar, LLC. 10 The acceptance of the filing by the 11 Agency does not infer any position on the 12 approval or disapproval of the financial 13 assistance requested. No position will be 14 taken by the Agency until all public 15 hearings and comments are concluded. 16 A copy of the cost/benefit analysis 17 provided by the Tioga County IDA is 18 available on their website. 19 Notice of this hearing was 20 published on September 13, 2023, in the 21 PRESS & SUN BULLETIN. 22 Each person wishing to speak shall 23 state his or her name, and if you are 24 speaking on behalf of any organization or

1 entity, please, identify that organization 2 or entity. 3 Each speaker shall be given five 4 minutes to speak. This hearing shall remain 5 open until 5:00 PM or longer if public 6 comment warrants. I want to remind you that the 7 8 purpose of this hearing is to afford you an 9 opportunity to make statements and comments 10 on the application and project plan of the 11 IDA. Your comments will be considered by 12 the IDA in making a decision. 13 This is not a question-and-answer 14 session. Please remember to identify 15 yourself and the organization or entities 16 that you are speaking on behalf of prior to 17 comment. 18 First I will explain the benefits 19 requested by Suneast Valley Solar. SED New 20 York Holdings, LLC, is the 100 percent owner 21 of the applicant, Suneast Valley Solar, LLC. 22 Suneast Valley Solar, LLC, proposes 23 the installation of a ground-mounted utility 24 scale solar energy generation system located

| 1  | at 2593 Montrose Turnpike, Owego, New York,  |
|----|--|
| 2  | that will generate 20 megawatts of power.    |
| 3  | This is the project.                         |
| 4  | The Suneast Valley Solar, LLC,               |
| 5  | project will add local generation to the     |
| 6  | grid, contribute towards grid reliability    |
| 7  | and resilience. The project will generate    |
| 8  | power that will help New York State meet its |
| 9  | goal of 70 percent renewable energy by 2030. |
| 10 | The proposed site includes three             |
| 11 | properties at 2593 Montrose Turnpike in the  |
| 12 | Town of Owego. Tax map ID numbers            |
| 13 | representing the project area are            |
| 14 | 140.00-1-29.111. The second parcel is tax    |
| 15 | map ID 140.00-1-35.1, and the third parcel   |
| 16 | is ID number 140.00-1-36.111. And these      |
| 17 | three parcels together represent,            |
| 18 | approximately, 168 acres.                    |
| 19 | The proposed project will require            |
| 20 | necessary approvals from local code          |
| 21 | enforcement, NYSEG and NYSERDA. Applicable   |
| 22 | laws of the New York State Environmental     |
| 23 | Quality Review Act shall be followed.        |
| 24 | The job creation anticipated from            |
|    |  |

| 1  | this project is one permanent, full-time     |
|----|--|
| 2  | employee with an estimated payroll of 76,000 |
| 3  | a year.                                      |
| 4  | The project creates 10 solar arrays          |
| 5  | with the capacity to generate 20 megawatts   |
| 6  | of electricity.                              |
| 7  | This project's budget is estimated           |
| 8  | at above \$47 million based on the taxable   |
| 9  | items related to the construction, equipment |
| 10 | and materials purchases anticipated at       |
| 11 | \$38,465,147, and allowing for the already   |
| 12 | granted sales tax exemption on the state     |
| 13 | portion and using the assumption that all    |
| 14 | materials will be purchased within Tioga     |
| 15 | County, the company has requested a tax      |
| 16 | sales savings estimated at \$1,538,605.88.   |
| 17 | The company has also requested a             |
| 18 | mortgage tax abatement in the amount of      |
| 19 | \$248,844.                                   |
| 20 | The estimated construction                   |
| 21 | employment impact during the project's       |
| 22 | construction is 55 temporary construction    |
| 23 | jobs, and this will result in an indirect    |
| 24 | job creation of an approximate 16 additional |
|    |  |

1 jobs in Tioga County, New York. 2 The proposed payment in lieu of tax 3 is based on a 10,000-per-megawatt payment 4 including a 2 percent annual escalation over 5 the 18-year agreement. 6 The total real property tax 7 abatement anticipated is \$209,900.04. 8 According to this estimated PILOT 9 financial model, over a period of 18 years 10 Suneast Valley Solar would be contributing a 11 total of \$4,282,462.48 over the lifetime of 12 the PILOT, which is 18 years. The proposal 13 is that this -- these funds would be split 14 into thirds to each the town, county and 15 school so that each municipality would share 16 an equal portion of this PILOT payment. 17 The justification for a deviation 18 from uniform PILOT policy is that Real 19 Property Tax Law, Section 487, provides for 20 only a maximum 15-year exemption from real 21 property taxation. 22 Additionally, the company has 23 stated that the financing of new solar 24 projects is traditionally accomplished on a

1

project finance basis.

2 In summary, the company is 3 investing over \$47 million in capital 4 improvements in Tioga County. The company 5 will create one new full-time permanent 6 position. The company is bringing 55 7 temporary construction jobs to Tioga County. 8 It is stimulating 16 additional indirect 9 jobs resulting from the construction. 10 They are requesting a real property tax abatement estimated at \$209,900.04 over 11 12 18 years. They are requesting local sales 13 tax savings estimated at \$1,538,605.88 for 14 construction materials and equipment 15 purchases. They were requesting mortgage 16 tax abatement in the amount of \$248,844, and 17 the project will add local generation to the 18 grid contributing toward grid reliability 19 and resilience. 20 Since there is no one present 21 wishing to speak, we will adjourn and we 22 will hold this meeting open providing an 23 opportunity for latecomers to come and make 24 a presentation.

| 1  | As such, I will call a recess until          |
|----|--|
| 2  | 4:30 PM or such time as anyone requests that |
| 3  | the hearing reopen.                          |
